Legally Engaged Career Centre Limited ("Legally Engaged") is a social enterprise with the ultimate goal of unmasking the legal profession in Nigeria. Born out of a need to fill a wide information and training gap in the legal profession in Nigeria, our mission is to redress unemployability and groom better-equipped lawyers who are able to compete globally.

As featured in

Legally Engaged Academy

Classroom Training - our Learning courses tackle topics and courses that have up till now been neglected by legal education providers. Our classroom training adopts a practice-minded curriculum and a ratio of Facilitator to participants that allows for meaningful interaction and learning. Additionally, they are delivered by some of the best and brightest professionals in the world.

Seminar - through Development seminars and conferences, we seek to redress the unemployability of law graduates and bridge the gap between millennials and their employers by exposing Participants to the soft skills needed to succeed in the profession. Our seminars target a larger audience than the classroom trainings.

Webinar - our webinars take our classroom trainings and seminars to users and professionals outside of our main city of operation.

Executive Education - Programs highlighted in green are jointly offered by Georgetown University Law Centre and the International Law Institute - Africa Centre for Legal Excellence, in collaboration with our affiliate company, the Centre for Executive Legal Programs. These courses are targeted at senior professionals e.g. Partners, Senior Associates, Heads of Departments and Team Leads.
